Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Commissioner:

The purpose of this communication is to correct a statement made in the Pre-Appeal Brief Request for Review filed in this matter on November 1, 2006. The statement in the final paragraph of page 4, “. . . the present Application, as well as the ‘672 and ‘223 patents, have at all times been owned by or subject to assignment to the same entity, the Board of Regents of the University of Texas System,” should in fact say “. . . the subject matter of the ‘672 and ‘223 patents and that of the present invention were, at the time the present invention was made, assigned to or subject to assignment by the respective inventors to the same person, The Board of Regents of the University of Texas System.” We would note that both applications are now assigned to a different entity, Research Development Foundation.

No fees are believed to be due with the filing of this communication; however, should a fee be due, the Commissioner is hereby authorized to withdraw the appropriate fee under 37 C.F.R. §§ 1.16 to 1.21 from *Fulbright & Jaworski, L.L.P.* Account No. 50-1212/CLFR:178USD1.

Respectfully submitted,
